

CORE NEEDS NAVIGATOR™ COACHING EXPERIENCE

Want to feel energized and fulfilled by your career?

Looking to unlock the secrets of your purpose and your personal drivers of fulfillment?

Want to make the satisfying decisions that work for you in your career?

Wondering what will bring greater inspiration and motivation in your current position?

Would you like to know how to prevent or recover from burnout?

The Core Needs Navigator™ gives you the tools and knowledge that will allow you to feel fulfilled, productive, effective and satisfied in your work by revealing your Core Needs.

The Core Needs Navigator™ 1:1 Coaching Experience

Working with your coach in three hours of focused coaching you will uncover your Core Needs – the keys to engagement, satisfaction and fulfillment for you.

You'll examine how they are working in your present work life and create a strategy for how they may be best attained now and in the future.

You'll also explore how to have discussions with your manager and incorporate your Core Needs into your career planning.

Perfect For

Individuals who want to make effective career decisions and create fulfillment and satisfaction in their work.

You'll receive ...

- A clear understanding of your personal drivers of effectiveness and satisfaction in your work
- Confidence in your decisions about your career
- A checklist of criteria for evaluating roles, responsibilities and situations where you will be most successful
- A practical list of inquiry questions to discover the right opportunities
- Ideas for making your present situation work best for you
- Specific strategies for turning around circumstances that are not working
- A tangible roadmap of next steps to create the career results you want
